

New Road Planning Application Rejected

We managed to obtain an almost unanimous Committee Meeting **rejection of the application for housing on this site**. Full credit to the speakers and the 17 plus residents who travelled to Didcot to support them. **The reason for refusal was the impact on landscape and character**, which this development would clearly have had. It appears that good, well-reasoned argument is listened to and we thank the Planning Committee for their support against the Planning Officer's committed recommendation.

Tudor Taylor – Chairman, Shiplake Parish Council
